FARZAD AZIMIPOUR

Android Software Engineer

📞 +351 914 275 464   @ farzad.azimipoor@gmail.com   🔗 https://www.linkedin.com/in/fapour/   📍 Porto, Portugal

SUMMARY

Experienced Android Software Engineer with 7+ years of hands-on experience in developing high-performance, scalable mobile applications. Proficient in Kotlin, Jetpack Compose, Clean Architecture, and modularization, with strong expertise in popular architectural patterns like MVVM and MVI. Skilled in writing testable, maintainable code, refactoring legacy systems, and optimizing app performance. Passionate about enhancing user experiences, collaborating in Agile teams, mentoring junior developers, and staying ahead of industry trends to deliver impactful, innovative solutions.

PROFESSIONAL EXPERIENCE

Android Software Engineer

TUI

📅 10/2023 - Present   📍 Porto, Portugal . Remote

The TUI Group is one of the world's leading tourism groups and operates worldwide.

- Developed new features for TUI's mobile app using Kotlin, Jetpack Compose, and Coroutines, enhancing user experience and app functionality.
- Participated in the migration of the UI from XML to Jetpack Compose, contributing to faster rendering and a more modern user experience.
- Contributed to the transition from RxJava to Coroutines, improving asynchronous programming and simplifying code maintenance.
- Contributed to the architectural shift from MVP to MVVM, enhancing code organization, testability, and scalability.

Android Developer (Allocated at TUI)

COCUS Portugal

📅 07/2022 - 10/2023   📍 Porto, Portugal . Remote

IT Services Company

- As an outsourced Android Developer (via COCUS Portugal), I contributed to the development of TUI's mobile app.

Android Developer

iBazzar

📅 04/2018 - 07/2022   📍 Erbil, Iraq

Online Marketplace Company

- Developed an online marketplace application using Kotlin and MVVM architecture, focusing on creating a seamless user experience for online buying and selling.

Android Developer

WEITCO

📅 02/2016 - 04/2018   📍 Kermānshāh, Iran

IT Services Company

- Developed a medical application from scratch in Java, featuring online appointment scheduling and online consultations.

EDUCATION

B.Sc. in Computer Software Engineering

Mazandaran University of Science and Technology

📅 09/2010 - 09/2012   📍 Babol, Iran

SKILLS
